**A. Read the passage and answer the questions. (24%@3%)**

Benny has a little pet turtle. His name is Toby. Toby likes to walk in Benny's garden. Sometimes, he daydreams.

One day, Benny used ten dollars to  a goldfish. His name was Alex. Alex was not friendly. He asked Toby to race with him in Benny's bathtub. When they started, Toby sunk to the bottom carelessly. Alex laughed at Toby. Unluckily, he breathed in some water. He coughed and jumped out of the water. Now Alex was on the floor but Toby was smart. He turned on the tap and water poured onto the floor. Alex could breathe again. Finally, Toby won the race. Alex knew that he should be nicer to others. They became good friends and played together happily every day.
